GESHDO

Amar Sadikovic

"If it works, don't touch it."

Summary

I'm a dedicated Full Stack Developer based in Malmö, driven by a profound passion for programming. With expertise spanning front-end and back-end development, I excel at creating seamless, user-friendly interfaces while architecting robust server-side solutions. My commitment to best practices, clean code, and collaboration ensures the delivery of high-quality, efficient software solutions.

Fullstack Developer · **StepStone** July 2021 – September 2021

CONTRACT

Aim of the project was to do a total redesign of StepStone landing page, one of worlds top recruitment platforms. Focus of the site was to improve usability, performance and user experience. whilst no other requirements were given we had to make different designs, implement them and then redo them until the site was acceptable. This was an iterative process.

IT Consultant · **GESHDO Now AB** June 2021 - Present

EMPLOYMENT

GESHDO specializes in dynamic IT consulting, driven by a commitment to tailored solutions. We prioritize rapid delivery to align with your goals while managing costs effectively. Our expertise spans all the major cloud platforms like AWS, Azure, and Google Cloud. Back-end development, with diverse languages and frameworks, equips us to solve complex challenges. Our front-end consultants blend design finesse with technical precision to create seamless, visually appealing interfaces. GESHDO pushes boundaries to provide optimal, adaptable solutions for your organization.

Fullstack Developer · **Trygg-Hansa** April 2019 – June 2021

EMPLOYMENT

Building Sales Tool and handling insurance administration for commercial customers. Aim of the project was to enhance customer service productivity. This was done by creating a tool that was user friendly while it met the performance requirements. Security was a big factor since handling customer insurance data is sensitive.
Partly worked as a ScrumMaster.
